OUTLINES.

Because the Georgia rate law reduced the earnings of the Georgia Central Railroad all improvement on the line have been stopped.——In New York yesterday, Mrs. Laura M. Carter told in court how she returned $5,000 to Chester Runyan, and had him arrested for robbing a bank to give her money.——Further details of the work of lightning at Buckhorn Shoals, N. C., on Tuesday afternoon, show that seven men were killed and ten injured.——Yesterday was Kansas City Day at the Jamestown Exposition, and New Hampshire will have her State celebration today.——Attorney General Bonaparte, in view of the fact that the stock market has been affected, yesterday issued a statement that an immunity bath had been promised to the Chicago & Alton Railroad but action is held up because further important evidence is promised.——Developments took a sensational turn yesterday in Cleveland, O., when Mrs. Phillips, widow of John J. Phillips, coal operator, banker and broker, was arrested on suspicion of murdering her husband; it was reported to the police that a burglar entered the house and shot him, but some very peculiar circumstances in the case have arisen.——Shocking irregu have arisen.——Shocking irreverence for the marriage ties was exhibited in New York yesterday, when Ferdinand P. Earl and his wife bade each other farewell on board a steamer on which she sailed to France to secure a divorce so he could marry a young woman whom he considers his affinity; all parties were on good terms and are agreed that the action is all right.——A political sensation has been created in Alleghany City, Pa., by the indictment of four prominent politicians who are charged with conspiracy to procure false registration, issuing false tax receipts and securing fraudulent voting; they were run down by the Voters' Civic League, which hired lawyers and detectives to prosecute the corruptionists.——In New York city yesterday policemen had a sensational chase and desperate fight with an Italian desperado who murderously assaulted a woman who refused to give him $100 and who in turn had to be protected from men and women lynchers.——Milton Dixon has been arrested at Asheland, Ky., on suspicion of murdering his bride of three months.——The Union Iron and Steel Corporation of New York has gone into the hands of a receiver.——New York markets: Money on call firm 2 to 3 per cent., ruling rate 3, closing bid 2 1-4, offered at 2 1-2; spot cotton steady 13.55; flour firm and higher with trade light; wheat firm, No. 2, red 103 1-8 elevator; corn firm, No. 2, 70 1-8 elevator; oats firmer, mixed 63; turpentine easy; rosin steady.

Judge Alton B. Parker denies that he either wants or expects to be the Democratic nominee for the Presidency next year. "Bring in another horse," as John Lowlow used to say.

"How should we trea a Prince who visits the Exposition?" inquires one who wants to see the Jamestown Exposition pass off without any other jar. If he shows no signs of being on the waterwagon, treat him as often as he shows the distress signal.

Mr. W. P. Mangum Turner, city editor of the Raleigh Evening Times, has returned to Raleigh and resumed his work on that paper. He has been out of Raleigh during the Summer, and was among the new lawyers recently licensed by the Supreme Court.

New York has a second Johann Hock in a man named Henry Hoffman, who courted women to get a chance to rob or murder them. It cannot be denied that when Hoffman got to flying around women he had serious intentions.

"Out of the abundance of the heart the mouth speaketh," when it comes to an office-seeker who knows what he wants and desires to tell the people whether he is a radical or a reactionary. In these days it is necessary to speak out "or forever hereafter hold your peace."

The Augusta Chronicle notes that "a Berlin professor says Roosevelt is in the same class as Washington, Jackson and Lincoln as a President." What provocation has any Berlin professor had to want to belittle President Roosevelt by putting him in a class with what he considers back-numbers?

Wanted, young man experienced in "Making Ready" and running job presses. One who has had some experience in hand composition preferred. Address The Morning Star, Wilmington, N. C. se 3-3t

Wanted, a girl or young woman experienced in feeding job presses and in padding and other plain work in book bindery. Apply at The Star office. se 3-2t

STOCKHOLDERS MEET

Close of Prosperous Year For Atlantic Trust & Banking Co., of Wilmington.

THE FIFTH ANNUAL MEETING

Report of President M. J. Heyer Shows Prosperous Business and All Affairs in Excellent Shape. Officers and Directors.

The fifth annual meeting of the stockholders of the Atlantic Trust and Banking Company was held yesterday afternoon at 4 o'clock in the office of the institution in the Southern Building. Mr. J. Well was called to the chair to preside and Mr. W. A. Caldwell was requested to act as secretary. Messrs. L. B. Rogers and B. Solomon, a committee named to verify proxies, announced that 334 shares were represented either in person or by proxy. A majority of the stock being represented, the meeting was declared duly organized for the transaction of business.

After the minutes of the last annual meeting were read and approved, Mr. Matt J. Heyer presented his annual report as president. This report follows:

"To the Stockholders, Atlantic Trust and Banking Company:

"I beg leave herewith to submit my annual report for the past year, ending August 31st, 1907. The outlook for the past year has been quite uncertain, and your Board of Directors have thought prudent to carry a larger reserve than formerly. In doing so, we were not in position to lend out as close on our deposits as we have in former years, as there were times that we could have loaned $30,000 to $40,000, had we loaned up as closely as we have in past years.

During the year we have opened 502 new accounts. Gain in deposits, $37,399.97. Our footings have increased $61,450.55; undivided profit account has increased $6,799.96, and we have paid $3,000 in dividends to stockholders. Since the organization of the bank, five years ago, we have handled $6,870,073.58 of paper; we have paid depositors $70,197.69 interest.

For the last year we have had regular monthly meetings which were well attended by all of our directors, and since the organization of the bank, we have not failed in the five years to have our regular monthly meetings, which have had an attendance of at least 90 per cent. of all of the members of the Board, except in one instance, there were only five of the Board present. At these meetings all the loans are read over to the directors and they are discussed. This institution is perhaps the only financial institution in Wilmington that has had regular meetings of their Board of Directors and had a quorum each month for the last five years, or in fact, it is the only institution that I have had the good fortune of being connected with that has done so. I think in view of this fact, the Board of Directors should be thanked for their punctual attendance. I see no cause why this bank should not continue its progress as in the past.

"Very respectfully submitted,
"MATT J. HEYER,
"President."

The report of the president, clear and comprehensive and dealing frankly and explicity with the affairs of the institution, was received with infinite satisfaction by the stockholders. The year just closed has been an exceedingly prosperous one and the stockholders commented freely and with favor upon the able and conservative management that has obtained in all departments of the enterprise.

The old Board of Directors of the bank were unanimously re-elected for the ensuing year, as follows: L. B. Rogers, Chas. J. Mitchell, Jno. H. Kuck, B. O. Stone, B. Solomon, Martin O'Brien, C. W. Yates, B. H. J. Ahrens, I. M. Bear, J. G. L. Gieschen and Matt J. Heyer. All are prominently identified with the business interests of the city, and their management of the bank under the capable direction of President Heyer and Mr. Calder, the cashier, has been model in every respect.

After the meeting of the stockholders, the Directors met, qualified and re-elected Matt J. Heyer president, B. H. J. Ahrens, vice president; Milton Calder, cashier and L. B. Rogers, secretary of the Board of Directors. The Directors also declared an extra dividend of $5 per share on the capital stock, due and payable on October 1st. The success of the Atlantic Trust and Banking Company has been phenomenal. There is none of the stock for sale at double the par value and in other respects the value of the institution to the public and its stockholders is manifest.

INTERESTING FIGURES

About Three Millions Increase in Real and Personal Property Valuations of New Hanover—Corporation Taxes.

The compilation of the books having been completed and formally turned over for collection of the taxes thereon, both the Sheriff and Assistant City Clerk and Treasurer were in their respective offices at the Court House and City Hall yesterday for receiving the amounts from any tax-payers who desired to "call early and avoid the rush." There were several such persons during the day at both offices and from now on it is expected that the revenues coming in to both the municipality and county will be quite sufficient to pay running expenses with sufficient on the side to take care of the dull season.

The compilation of the books for the county shows some interesting figures as to property in New Hanover. The increase all told is a very near approach to three million dollars, half a million of which is in increased valuation of corporation property certified down by the State Department and the remainder is in increases by reason of the new assessment of real estate this year. The total amount of taxes to be collected on the books, exclusive of delinquents, is $33,161.50 for the State, $33,482.46 for schools and $45,771.28 for county purposes, the total being $111,422.96 or an increase of about $10,000 from last year even with the reduced rate. Incomes listed in the county amount to $350,209. The total valuation of real and personal property listed in the county by whites is $11,032,227 and by negroes, $624,034, making a total of $11,656,261. The number of white polls is 2,872 and negroes, 1,451, both exclusive of delinquents which are generally gathered in to the amount of over 3,000 whites and 2,000 blacks by the garnishee process. The value of lands listed by white is $1,314,645 and negroes, $90,405. The town lots are owned 4,000 by whites and 500 by negroes. The total value of real property is $8,389,252 by whites and $567,705 by colored, the total in the county being $8,956,957.

It is interesting to know that of the 1,028 horses given in for taxation 813 are owned by whites and 215 by blacks; of 410 mules 297 by whites and 113 by colored. Only two jacks and jennies are listed as owned in the county. Of 587 head of cattle in the county 526 are owned by whites and 61 by negroes. There are 1,837 hogs listed, of which whites own 1,208 and negroes 629. There are only 23 sheep and 80 bicycles given in of which 54 are owned by whites and 26 by colored persons. The value of farming utensils is only $6,871 which shows that New Hanover is not an agricultural county. Tools of mechanics are valued at $1,658, of which $1,405 is by whites and 253 by negroes. Household and kitchen furniture is put down at $319,385, by whites $307,140, by negroes, $12.245. Of $2,137 value of firearms, whites own $1,321 and negroes $816. Sientific instruments are owned $4,855 by whites and $15, by colored. The whtes have $103,829 money on hand, negroes $925. Solvent credits are valued at $512,101 for whites and $1,243 for colored. Whites return $202,465 invested in stocks, bonds and shares in corporations not otherwise listed and negroes return only $100. Brandy and whiskey owned in the county is returned at $29,725 while $24,972 is owned in musical instruments by whites and $1,465 by negroes. Plated and silverware is valued at $11,500 by whites and $70 by colored; watches and jewelry, $25,436 whites and $569 colored. Merchandise stocks are valued at $884,511 by whites and $33,175 by negroes, making a total of $887,686. Only 34 dogs are listed for taxation, 22 of these being owned by whites and 12 by colored persons.

WATER WORKS QUESTION

No Date Yet for Called Meeting of Board of Aldermen on Subject.

In response to an inquiry yesterday, the Mayor stated that he did not know when he would call the special meeting of the Board of Aldermen to receive the final report of the Water Works Committee; that while the city was now as well prepared to act as it ever would be, that there was no special hurry and there would likely be no meeting on the subject this week. It is stated that the two boards are committeed to a valuation of $125,000; that the Water Company has rejected the offer of this amount and unless something unforseen occurs, the city will probably set about very soon now to float its bonds and negotiate for the laying of a new system. Meanwhile the waterworks people are confident that they can get the Aldermen to listen to what they believe to be a reasonable view of the situation and are going to make an effort to sell to the city at a figure they consider nearer an approach to the true value of the plant, offering to take the two reports of the engineers now in hand as a basis for arriving at a price or calling in two experts from outside the State to place a value on the plant as is prescribed in the contract between the city and the water works company. The city authorities on the other hand claim that the contract is not worth the paper it is written on and seem to be ready to repudiate any such provision in the same as to the method of arriving at the value. The subject is being widely discussed and the end is awaited with interest.

DAY OF COMPLAINTS

Corporation Commission Hears Various Petitions of Citizens on Transportation Matters.

THE SEABOARD AIR LINE

Improvement of Line Between Here and Hamlet and Maxton Connection—Editor Oates Accepts Leadership.

(Special Star Correspondence.)

Raleigh, N. C., Sept. 4.—The North Carolina Corporation Commission spent a busy session today hearing a variety of complaints from citizens and other interests in various parts the State and otherwise rounding up affairs in the office so that Chairman Franklin McNeill and Secretary Henry C. Brown could get off tonight for the hearing there the remainder of the week before Standing Master Montgomery in the case of the Southern Railway Company. Commissioners S. L. Rogers and E. C. Beddingfield will remain in the city to look after the current business of the office while Chairman McNeill and Secretary Brown are in Washington.

Superintendent W. M. Smith, of the Southern Railway, was before the Commission in connection with complaints against the Southern and the Atlantic Coast Lne for continued failure to maintain connections between the trains from Mount Airy to Wilmington at Sanford, the meeting point. An order will be made in the case later by the Commission.

Superintendent C. H. Hix, of the Seaboard Air Line, appeared before the Commission to represent the railroad interests in answer to complaints that continue to come in from citizens of failure of the Seaboard and the Atlantic Coast Line trains to make proper connections at Maxton. There was an agreement announced some weeks ago that the railroads had agreed on a satisfactory adjustment but the complaints continue so that the Commission will issue an order at once.

Superintendent Hix also conferred with the Commission regarding continued complaints from citizens of Wilmington and other points as to the inadequate and dangerous condition of the road bed on the Carolina Central division of the Seaboard, Wilmington to Hamlet. An order was made some time ago for the Seaboard to equip this division with new and heavier rails and the company announced that this work was under way. Now it appears that only about eighteen miles of new rail has been laid and that the work is progressing entirely too slowly for the satisfaction of the citizens who are the freight and passenger patrons of the Seaboard. Another order that will expedite the work is asked of the commission. The railroad asked until February 1st.

A delegation of citizens from Yongsville appeared before the Commission, headed by J. R. Johnson, and asked that a special order be made for rebuilding the depot of the Seaboard at that town at once. The old depot was burned some months ago and the citizens declare that they have waited long enough and put up with the make-shifts to the limit. So a special order for the Seaboard to proceed at once with the rebuilding is asked.

At the conclusion of all the hearings this evening the Corporation Commission made an order giving the Seaboard Air Line until January 15th of new year to complete the relaying of the Wilmington-Hamlet line with heavier rail. The Atlantic Coast Line and Seaboard gave the Commission an assurance that in the future the connection at Maxton will be maintained satisfactorily and the Southern gave the Commission assurance that in the future it will so operate its train on the old A. & Y. Railroad as to make the connection with the Atlantic Coast Line at Sanford.

Division Superintendent Walter Buckner, of the Southern Express Company, Wilmington, was before the Commission for a hearing in which citizens demand a readjustment of express rates on fruits and vegetables, especially apples, from Mt. Airy to Wilmington and other points in the State. The hearing developed the question of a general revision of these rates. The commission manifested its purpose to make an order in the near future.

A charter was issued today for the Midway Telephone Company, of Winston-Salem, for the construction and operation of a line from Widway, Davision county to Winston Salem. C. E. Snider is one of the principal incorporators.

Tom Upchurch, the negro who criminally assaulted Miss Perry at her home in Franklin county Sunday, has been brought here from Louisburg for safe keeping until the special barm of Franklin court ordered by Governor Glenn yesterday for his speedy trial is convened September 23 by Judge Walter Neal at Louisburg for the trial. The negro is in Wake jail here.

A letter received here this morning from John A. Oates, editor and owner of the North Carolina Baptist at Fayetteville, is to the effect that he has decided to accept the chairmanship of the North Carolina Anti-Saloon League to which he was elected at a meeting of the executive committee in Raleigh some days ago to succeed J. W. Bailey, resigned. Mr. Oates writes that he has decided to take the chairmanship for the interim to the general State convention of the league He intimates that he will have something to say to the general public regarding the temperance movement and plans very soon and that in the meantime he wants it understood that there will be no let up in the fight.

Mr. Oates takes the chairmanship of the league on the avowed platform of pressing immediately the movement for general State prohibition by vote of the whole State by legislative enactment. This indirect contrast with the policy insisted on by Retiring Chairman J. W. Bailey whose policy is to continue the spread of temperance through local option elections rather than force prohibition on a locality when the public sentiment in the locality is not such as will sustain the law. This difference between Bailey and the committee brought about his resignation.

The Corporation Commission was notified today by the Southern Bell Telephone Company that the company will rescind its recent order for night rate long distance service to be made same as the day rate, thereby doubling the charges for night conversations, until the whole matter can be heard by the Commission.

SEVEN DEAD AT BUCKHORN

Further Particulars of Lightning Disaster at Falls on Cape Fear River Tuesday—Ten or More Injured By Collapse.

(By Associated Press.)

Raleigh, N. C., Sept. 4.—Details of the disastrous effect of a lightning stroke at Buckhorn Falls, in Chatham county, yesterday, show that seven men were killed and ten injured. A heavy storm had forced fifty to seventy men to seek shelter in the cement house of the Buckhorn Falls power plant. Lightning struck a big tree back of the house and the tree splitting, fell over on the building, the stroke instantly killing two white men and five negroes and injuring three whites and seven negroes, all of them residents of this vicinity. All the victims were employes of the Phoenix Construction Company, which has charge of the plant.

The stroke came about 3 o'clock, as the men were huddled together in the building, the tree standing only a few feet from the house. It is stated that all of the injured will recover. The two white men who were killed, it is stated, had gone to work for the construction company only the day before. The phone line to Buckhorn was evidently put out of commission by the lightning and details of the catastrophe were hard to obtain until late today. In the stroke those killed were: Eugene Black, white, of Moncure, N. C.; Thomas C. Gunter, white, of Moncure; Telley Lett, Mark Douglas, Rufus Lett, Alfred Bertah, and William McKoy, the last five being colored. The injured are Ed. Lett, D. O. Tuder, and W. J. Kelly, white, Aaron Austin, Renton Haughton, Luther Hooker, S. B. Faison, Lux Lancra, Daniel Cole and Darling Austin, colored.

NEW JUVENILE PAPER.

"The Wilmingtonian" Latest Candidate for Journalistic Honors.

The Star has received as an "exchange" the first copy of "The Wilmingtonian," a new juvenile paper published every Monday morning by T. W. Strange and T. R. Whitehead editors and proprietors. It is issued at 4 cents a copy and 15 cents per month. The young gentlemen at the head of the enterprise show decided talent and their paper comes out with a good lot of local reading matter, some jokes and riddles, a good advertising patronage and some editorial. The latter department was added only last week, as the following extract from the paper will show:

"We are especially requested by the citizens of Wilmington to have an editorial.

"We have decided to do so, and as a subject for our editorial we will call attention to the bad roads starting at Eleventh & Red Cross and leading out to the Cemetery.

"There should be a gulley on each side of the road, so that the rain would wash down the side of the road instead of washing down the middle.

"The road is hilly in this section, and of course the heavy rains wash down the middle of the road and cause great holes to be made in the centre of the road.

"It should be one of the best roads in Wilmington because hundreds of people go to the cemetery every day.

"Many of the buggies and surreys that traverse this road are liable to be overturned."

Freshet in River.

The Fayetteville Observer of yesterday afternoon says: "There was 17 feet of water in the Cape Fear at noon with a rapid rise in progress. Between 8 and 9 o'clock the water rose 8 feet, which is said to be a new record for this remarkable river."

PINE ASSOCIATION

Adjourned Semi-Annual Meeting at Hotel Tarrymoore Wrightsville Beach Yesterday.

CURTAILMENT NOT URGED

Trade Conditions Generally Satisfactory, So Lumbermen Say—Delegates Named to Philadelphia Convention—Norfolk Next.

Believing that the curtailment already afforded by the closing down of many mills during the month of August has had the desired effect, after a full discussion of general trade conditions, the North Carolina Pine Association, embracing all the leading lumber manufacturers of North and South Carolina, Virginia and the Eastern Shore of Maryland, at its adjourned semi-annual meeting yesterday morning at the Hotel Tarrymoore, on Wrightsville Beach, decided to make no further effort for the present toward limiting the production of lumber and all the plants embraced in the territory of the Association will likely continue operations on full time during the Fall and Winter.

The adjourned semi-annual meeting here was for the purpose of deciding this question. The lumbermen simply found it unprofitable to cut lumber from high priced stumpage at the prices ruling during the Summer and concerted action was taken to curtail the product for the purpose of elevating quotations more nearly to the level of the cost of production. Mills further South took the initiative in the matter and the result has been that conditions have so improved from this and other causes that the lumbermen yesterday found it practicable to continue operations.

The meeting yesterday was presided over by President E. C. Fosburg, of Norfolk, and there was a good attendance of members from the four States in the territory embraced by the organization. Many of the lumbermen from the South came in on the late train from Charleston yesterday morning, and still others arrived at 10:10 A. M. yesterday, all boarding a car for the beach where the deliberations took place behind closed doors, the announcement of the result of the meeting being later given out as stated above. The meeting is said to have been quite satisfactory in every respect and the trade outlook is reported to be good.

Delegates were appointed to represent the Association at a convention of lumbermen today in Philadelphia, as follows: William Godfrey, Cheraw, S. C.; J. A. Brown, of Chadbourn; H. H. Scarborough and H. J. McLaurin, Jr., of Sumter, S. C.; Z. W. Whitehead, of Wilmington. Most of the delegates left last night for Philadelphia in order to reach the Quaker City in time for the meeting.

Various other matters of interest to Association men but of no general interest to the public were discussed yesterday, after which adjournment was taken to meet in October at Norfolk, Va.

OVER A "HOSS TRADE."

Interesting Complication Between Traders Before Magistrate.

The intricacies of a horse and jack trade between Messrs. W. H. Sneeden and Ralph Kennedy, who live on the Sound, were subjected to the crucible of a criminal proceeding against the latter before Magistrate George Harriss yesterday morning. The two men traded animals a few days ago and the one received by Mr. Kennedy was alleged to be "bellowsed" when it had been guaranteed by Mr. Sneeden. The two men met and had an argument about the matter as the result of which Mr. Kennedy felt at liberty to go to the stable where the jack had been traded and take him back in his possession. No sooner had he done so than he was served with a warrant technically charging him with the larceny of the animal. The trial "came off" yesterday and was quite amusing. Herbert McClammy, Esq., appeared for Mr. Sneeden and Messrs. Bellamy & Bellamy and Woodus Kellum, Esq., were counsel for Mr. Kennedy. After the various ramifications of the deal had been gone over and the attorneys had used their wiles on the witnesses and poured forth their legal lore on the sitting justice, it was held that Mr. Kennedy was not guilty and he was discharged. A civil proceeding will now be brought to determine the ownership of the two animals involved, and whether or not misrepresentation of the "bellowsed" horse was used toward the man who parted with the jack. This will come later.

MARRIED IN RICHMOND

Miss Isabella R. Mann and Mr. John R. Kenly, of Wilmington.

Friends in Wilmington and elsewhere will be interested in the announcement of the marriage of Miss Isabella R. Mann, formerly a resident of this city, and Mr. J. R. Kenly, of Wilmington. They were married at 11 o'clock yesterday morning at the home of the bride in Richmond, Va., by Rev. J. M. Wells, D. D., pastor of the First Presbyterian Church, of this city.

COTTON PICKING MACHINES GALORE.

Would machines that can successfully pick cotton, doing the work of eighteen or twenty men per day, be a blessing to the South or prove a menace to the cotton industry in this country? We may well ask this question, for it seems that inventors are determined to produce machines that can harvest cotton at a rapid rate. The Augusta Chronicle tells us that the Hon. Bryan Lawrence, of Augusta, has what he considers "a successful cotton picking hand machine, which seems to be all that is claimed for it." Our esteemed Augusta contemporray goes on to inform us that the Bolivar County Democrat, of Mississippi, states that a machine of the same nature as Col. Lawrence's machine has been invented and is being manufactured in that State. The Mississippi paper says:

"Several capitalists of Greenville, are engaged in the manufacture and it is hoped the sale of a machine that really picks cotton at the rate of about 5,000 per day, carrying 5 rows at a time and getting every boll that is open. It is to be hoped that the Mississippi Cotton Harvester Company, will prove a monster success. If one thing is needed in the South worse than another, it is a cotton picker."

We have seen equally confident statements made about the effectiveness and success of cotton picking machines, only to see the machines drop out of notice, most likely because they were not what they were cracked up to be. However, the strong probability is that the cotton picker in some shape is coming sooner or later. The question is whether we need one in our business. One Mississippi editor hails the cotton picking machine with evident gladness, but another Mississippi editor comes along and alarms us. For instance, the Aberdeen (Miss.) Examiner views the matter with deep concern in this fashion:

"No greater misfortune can befall this country, in our opinion, than the invention of a cotton picking machine. The South is the only region in the world that boasts population, of both races, born and bred to cotton picking, and to this fact is due our supremacy in and control of the cotton industry. There are millions of fertile acres beneath genial suns, under the rule of other great powers, where cotton production is possible, but in no other country except a portion of Egypt is there a population equal to the steady labor and monotony essential to the cotton harvest. With mechanical harvesters the world's problem will be solved, and almost every great cotton spinning nation will make its own cotton."

This difference of views between Mississippi editors seems to set the Augusta Chronicle to guessing and that esteemed contemporary asks: "Who shall decide when doctors disagree?" The Chronicle adds:

"If the cotton pickers already invented and soon to be put upon the market do what is claimed for them, time alone can tell what may be the results, one way or another. It is quite certain that a trial will be made of them, any how, no matter what may ultimately take place."

The great cotton growing country of the Southwest might take to the cotton picking machines and the question is whether that wouldn't put the eastern belt out of commission as a cotton raising section. It is true that we might use the machines, too, but not quite so effectively as they can be employed in Mississippi, Louisiana and Texas.

FLUNKEYISM.

The Raleigh Evening Times remarks:

"We Americans pretend to be the most democratic people on earth, but let a scion of royalty come along and all is excitement and each society leader tries to outdo the other in giving some elaborate entertainment in his honor. It was indeed unfortunate that the Tucker-Barr affair should have occurred at Norfolk, for it not only had its effect upon the Jamestown Exposition, but furnished an amusing incident for our friends across the Atlantic who do not pretend to be so democratic and enjoy our inconsistencies."

The funny part about it is that royalty and nobility would prefer to be entertained in a Democratic way, which, after all, is only that form of simplicity which is dictated by good breeding. When we go to ribaldness in our hospitality to persons cracked up to be royal or noble they consider it nothing more nor less than flunnified treatment of Prince Wilhelm, just as if we had as much respect for him as we would have for ourselves would have pleased him better than the style that will furnish him provocation enough to laugh about for some years when he gets to telling the folks at home about his experience in America.

How often do we people of royal and noble pretentions and proclivities have to sound the note to commonality that all the attention we expect is that which personifies politeness, respect and dignity. We care nothing for your "slick duck" business and your fawning and your bootlicking and your putting on airs that indicate that you think we are "a mile high" and you ain't. If you've got anything specially good don't come at us with any salaams or potentate stunts but just merely refer to an alleged remark made by the Governor of North Carolina to the Governor of South Carolina. We have heard it before and we always "smile" when we hear it. Save, monseur! Come across.

THE IMMIGRTION MOVEMENT.

The movement to secure immigrants for the South seems to be taking practical shape now, and instead of the desultory arrival of a few foreigners we may expect to have many shiploads coming within the next year. We can reasonably expect this since the Congress has made Charleston an immigrant station, under Government supervision and inspection, and the North German Lloyd Steamship Company has made arrangements to establish a steamship line direct to Charleston. Baron von Pilis, of the steamship company, investigated the situation at Charleston, visited several cities in South Carolina, and on his way North stopped over in Charlotte, N. C., for a conference with railroad officials and manufacturers. He went on to Washington, and it seems that he has been much impressed with the South and the prospects for immigration direct to this section. Speaking of his company's plans, the Baron says:

"It is known in the regions from which comes the greatest tides of immigration that more advantages for the newcomers are to be found in the South than in the North Atlantic States and all that is needed is to have someone tell the immgrants where to go and how to get there. That the owners of the new line which I have projected will do. We shall have offices in Odessa, Helsingfors and Berlin and branches in Vienna and Belgrade, and we shall maintain intelligence offices in various parts of Europe."

It seems that it is up to us now to keep away the undesirable class of people who might come here and meanwhile carefully select a class which will be a great relief to the agricultural and industrial conditions in the South.

CURRENT COMMENT.

—Mr. Bryan will get the nomination because he is the choice of a majority of those now composing the party, and those who do not think they can swallow him had as well be making up their minds as to what they are going to do about it.—Durham Herald.

—Charlotte don't believe in doing things by halves. After having decided to have the best auditorium in the state she has made up her mind to have the best chautauqua ever. If this is not done it will be because such men as Bryan, Williams, Clarke, etc., have completely lost their drawing powers.—Charlotte News.

—It being a fad to have parties sit up for the 3 A. M. comet, The Wilmington Star is led to tip married men that they "can now explain where they have 'been all this time' by claiming that they have been to a stag comet party." That is, if they arrive in shape to stand cross-examination.—Charlotte Observer.

—The tariff duties on potatoes, blankets, knit goods, tin plate, woolen yarns and clothing, soap, oilcloth, linen, glassware, affect directly every shopping woman; upon a thousand articles they affect her indirectly. A reasonable reduction of the tariff, not in 1909, but now, would reduce in every home the cost of living.—New York World.

—The English sparrow will have to go—provided a means for making him go can be devised. The federal Department of Agriculture has for some months been engaged in collecting evidence for and against the sparrow, and the preponderance of evidence is against him. Of about 1,100 replies received by the department, more than 900 say the English sparrow is a nuisance, doing more harm than good. Steps are now being taken by the department to speed the unwelcome guest.—Savannah News.

—It is a joy to The Observer, as it will be to all of its readers, to have Mr. John Charles McNeill with us again. He was not expected until the vitis vulpina—in the patios of the sandhill called "bullaces" and in the dialect of the up-country "muscadines"—ripened and he got his fill; but he comes just when "bullaces" are beginning to redden; comes with health and vigor largely restored and with the promise of being soon entirely well again. His blowing in was the happiest event of yesterday and that he has blown in is the best news that this morning's paper carries its readers.—Charlotte Observer.

—Strange fortunes have followed

TORPEDO BOATS FOR THE NAVY

It has just been discovered that U. S. Grant, secretary to Judah P. Benjamin, Attorney General of the Confederate States, is an inmate of the poor house at Montgomery, Ala. The matter gained publicity through the application of Grant to the mayor, for enough money to buy a Greek Bible. He is famous as a scholar, and the interesting part is that he is a native of North Carolina, having been born in Newbern, in 1835. Men whom fate serves this way generally have queer ideas, and possibly Grant would resis an effort to take him away from the poor house, but it might not be amiss for the North Carolina veterans to see what they could do for his comfort.—Charlotte Chronicle.

TWINKLINGS.

—"He's engaged to a widow," "How did he meet her?" "He did not meet her. She overtook him."—Philadelphia Inquirer.

—"She was reared in luxury, was she not?" "Yep—had everything on earth she didn't need."—Cleveland Leader.

—Stella—"Did she go to a summer hotel during August?" Bella—"No, just stayed at home and listened on a party wire."—Puck.

—At the Intelligence Office—"I want a plain cook," "Well, you'll find plenty here. This ain't no beauty show."—Baltimore American.

—Their Line—Clara—You may not believe it, but I said "No" to seven different men during the past winter. Maude—What were they selling?—Pick-Me-Up.

—"That widow took a partner to share her grief, didn't she? "Yes, and now he grieves about her first husband's death more than she does."—Houston Post.

—Mr. Jawback—The biggest idiots always seem to marry the prettiest women. Mrs. Jawback—Now, you're trying to flatter me. — Cleveland Leader.

—"The great corporations which control general necessities," said the man of unusual theories, "should be regarded merely as servants of the public." "Yes", answered the weary-looking citizen, "but have you ever tried to control a house full of servants?"—Washington Star.

NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Prof. Unna, the noted European skin specialist, declares that dandruff is the burrowed-up cuticle of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newbro's Herpicide kills this dandruff germ, and restores the hair to its natural softness and abundancy.

Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market to-day.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co. Detroit, Mich.

Two sizes—50 cents and $1.00.

THEY'ER WORTH WHILE.

BOLL WEEVILS THREATENING US

Charlotte Cotton Oil Man Gives Out Interesting Interview Concerning Little Pest—Cotton Seed Hulls From West Are Dangerous.

(Charlotte Observer, Sept. 4.)

The presence of an insect which resembles the boll weevil in Laurens, S. C., has caused considerable excitement among the cotton producers of that State. The blame has been placed on the oil mills introducing Western hulls and meal in that vicinity. A reporter of The Observer, with an idea to learning something of the truth of this, and the amount to which this practice exists, looked up an oil mill man, and asked him this question:

"How much are the oil mills to blame for this condition, and how much danger do you consider exists from this cause?"

The mill man stated that he had opposed the introduction of hulls and meal from the Mississippi Valley into North and South Carolina for the past year, and had been accused of serving his own interests. He considers that his stand is now worthy of defence, owing to the fact that the section about Laurens has been a territory into which great quantities of hulls have been shipped from Memphis.

Continuing, he said: "Memphis brokers buy their hulls from various mills in the Mississippi Valley and Texas, and they are shipped out f. o. b. Memphis and no one knows where they are from.

The State of Georgia last year, through its Agricultural Department, held up hundreds of cars of hulls and meal, which had been shipped into Georgia, until they located the points from which they came. Many of these cars of hulls were not permitted to be unloaded in the State of Georgia, and Atlanta brokers in turn sold those same hulls to South Carolina oil mills, which imported them into North and South Carolina. It seems that the Agricultural Departments of the States of North and South Carolina have been very lax in permitting oil millmen in their States to import from Georgia hulls and meal, which the Georgia Agricultural Department would not permit to be sold in that State.

"I consider this practice one which threatens the very life of our cotton fields in North Carolina. It only took three years for the boll weevil to advance from the Rio Grande river into nothern Louisiana, to the very banks of the Mississippi river; and if planted, through shipments of hulls and meal, at any point in the Eastern States, it would result in the boll weevil being spread everywhere. Certainly, if it were planted in the Eastern Carolinas, and it would spread with the same rapidity as it did in Texas, it would cover the entire cotton area in North and South Carolina and Georgia in two years time.

The feeders in Western Carolina shipped large quantities of hulls and meal from the Mississippi Valley into the mountain territory last year. Many of these cars were unloaded within 15 miles of a cottonfield which lay at the foot of a mountain. Afterwards these cars were loaded with ordinary produce and shipped into various sections of North and South Carolina, with many of the hulls still remaining in the cars.

"I have been the one mill man who has opposed this practice from the very beginning, and believe that not only mill men, but feeders, cotton merchants and the farmers should certainly ask the Agricultural Department to pass strenuous ruling against the shipment of meal and hulls into this State from the West; and that all shipments of hulls and meal should be certified for by affidavit. The fact that shipments are from Memphis does not mean that they originated there; but on account of low freight rates to Memphis, much hulls and meal is bought in Arkansas, Oklahoma and Texas, and shipped through Memphis on Memphis ratings.

"I thoroughly agree with the statement in a South Carolina newspaper, that this danger is one that is actually upon us, and should be handled without gloves by all interested in the cotton growing industry."

Endorsed By the County.

"The most popular remedy in Otsego County, and the best friend of my family," writes Wm. M. Dietz, editor and publisher of the Otsego Journal, Gilbertsville, N. Y., "is Dr. King's New Discovery. It has proved to be an infallible cure for coughs and colds, making short work of the worst of them. We always keep a bottle in the house. I believe it to be the most valuable prescription known for Lung and Throat diseases." Guaranteed to never disappoint the taker, by R. R. Bellamy's Drug Store. Price 50c and $1.00. RULES GOVERNING THE CONTEST. READ THEM CAREFULLY:

A.—All subscriptions must be received at the regular published rate. No discounts or commussions whatever will be allowed.

B.—No subscriptions will be received for a less time than three months.

C.—Every subscription sent in under this offer must be a bone-fide new subscription to The Morning Star. No others will be received, and a careful investigation will be made to determine whether or not the name sent in is a new subscriber.

D.—Cash must accompany all orders.

E.—All that is necessary to win any of the trips enumerated above is that the subscriptions sent in shall aggregate the amounts named. Orders need not be for yearly subscriptions only. In securing subscriptions the following ratio may be observed: Two six-months' subscriptions are equivalent to one yearly subscription; four three months' subscriptions are equivalent to one yearly subscription.

F—The names of new subscribers, and the amounts collected, should be sent in as soon as obtained. Receipts will be forwarded to the subscribers at once, and the amount placed to the credit of the contestant.

G.—This exceptional offer will remain open to all until September 1, 1907. If you get to work at once there is time a plenty for you to secure one of the best trips. You may visit the Exposition any time you please.

PERSONAL PARAGRAPHS

—P. R. Rhodes, of Charlotte, was registered at The Orton yesterday.

—Mrs. S. S. Shields and daughter, Mrs. E. Sherrod, of Florence, S. C., are visiting friends in Wilmington.

—Mr. J. J. Newton, of Watha, N. C., was in the city yesterday, making business calls.

—Mr. and Mrs. J. M. Fellend, of Dandridge, Tenn., are visiting Mrs. J. B. Jones, on North Seventh street.

—Mr. John C. Dockery, of Rockingham, is in the city on a business trip and is registered at The Orton.

—Dr. W. I. Taylor and wife, of Kerr, N. C., were guests at The Orton yesterday.

—Mr. Paul Nanzig, of Gross Point, Ill., is in the city on his return from New York and is a guest of his brother-in-law, Mr. John H. Niggel, Jr.

—Fayetteville Observer: "Messrs. W. T. Bowen and E. W. Caley left for Wilmington this afternoon to attend a meeting of lumbermen."

—Mr. I. Shrier and daughter, Miss Devora Shrier, left last evening for a visit to the Jamestown Exposition, Washington and other points of interest North.

—Yesterday afternoon's Fayetteville Observer: "Mrs. J. C. Murchison, of Wilmington, is the guest of Mrs. W. G. McLauchlin on Person street."

—Hon. Locke Craig, of Asheville, was in the city yesterday morning, going to an appointment up the State to speak in his campaign for the gubernatorial nomination.

—Miss Sarah Gardner, head milliner of the firm of J. H. Rehder & Co., has gone to New York to select the Fall and Winter styles of fashionable millinery for the large establishment with which she is connected.

—Miss Bostwick, who has been spending some time in the city with her sister, Mrs. C. Oscar Byerly, is now at Hendersonville, N. C., where she expects to be for the remainder of the Summer.

—Prof. Washington Catlett, county superintendent of public instruction, has gone to Montreat, N. C., where he is attending the convention of State superintendents. He will remain away from the city until Saturday.

—The many friends of Colonel W. J. Woodward will be glad to know that his condition yesterday was slightly improved. He was able to see several very close friends during the day and seemed to be encouraged. It is sincerely hoped that he will continue to improve and that his friends may have the pleasure of again greeting him on the street.

—Mr. Bruce T. Hall, a popular young Wilmingtonian who recently completed a course in drawing and designing at an art school in New York and who has marked and splendidly cultivated talent in this line, left Tuesday for Norfolk, Va., where he has taken a position with the Atlantic Engraving Company, 109, 111 and 113 Monticello avenue. Friends of Mr. Hall predict for him a bright future in his chosen profession.

TARRYMOORE CLOSES MONDAY.

Proprietor Moore Says Season Has Been Successful at Beach.

It is announced by Proprietor W. J. Moore that on Monday the Hotel Tarrymoore, on Wrightsville Beach, will be closed to transient guests but that the popular hostelry will be continued open for the entertainment of regular guests for a few weeks longer. While June was a very dull month on account of the backward Spring, Mr. Moore says all told the season has been one of the most successful he has yet had at Wrightsville Beach. Toward the first of July the hotel began to fill with guests and mid-Summer crowds have been the rule ever since until this week. Mr. Moore will retain sufficient help to care for all regular guests after Monday, and there are many who will take the occasion to spend the most delightful period of the year by the ocean. The Tarrymoore has been very popular during the past season, and its register has overflowed from day to day with the names of among the most prominent people in half a dozen States.

The Touch That Heals.

Is the touch of Bucklen's Arnica Salve. It's the happiest combination of Arnica flowers and healing balsams ever compounded. No matter how old the sore or ulcer is, this Salve will cure it. For burns, scalds, cuts, wounds or piles, it's an absolute cure. Guaranteed by R. R. Bellamy, druggist. 25c.

Read Star Business Locals.

LOCAL DOTS.

—Fayetteville Observer: "The steamer Lyon left Wilmington yesterday afternoon at 5 o'clock for Fayetteville with 50 bales of cotton."

—George Sperzel and Tom Mulford, two young white men, were arrested at Hilton Park yesterday about noon by Officer M. P. Newton, charged with vagrancy. They were locked up for trial by the Mayor at noon today.

—The "story telling hour" for children at the public library will be observed tomorrow afternoon at 5 o'clock. This will be most interesting for the little folks, all of whom are most cordially invited.

—City tax-payers are notified that the city tax books for the year 1907 are now in the hands of the City Clerk and Treasurer for collection of amounts thereon, which are now due and payable. The office is open daily from 9 A. M. to 5 P. M.

—There were only three trifling cases before the Mayor in the police court yesterday. Two plain drunks were let off with the costs and Ed. Pigford, a colored vagrant arrested by Officer J. H. Dew, was sent to the roads for thirty days.

—The negro Joe Blocker arrested here some time ago charged with breaking into the store of Mr. R. K. Bryan, at Scott's Hill, was brought back to the city yesterday and will be taken to jail at Burgaw today. At the preliminary trial of Blocker before Magistrate Harrell at Scott's Hill, probable cause was found and in default of $50 bond, the defendant was ordered to jail for the next term of Pender County Superior Court.

WEDDED LAST EVENING.

Miss Elizabeth A. Southerland Bride of Mr. Robert H. Morris.

A marriage announcement that will come with interest and much pleasure to a large number of friends in Wilmington and elsewhere is that of Miss Elizabeth A. Southerland, the attractive daughter of Mrs. Mary J. Southerland, and Mr. Robert H. Morris, a popular young Wilmingtonian, who is connected with the large dry goods establishment of the C. W. Polvogt Company. They were united in marriage last night at 9 o'clock at the home of the bride's mother, No. 21 South Ninth street, the Rev. W. L. Rexford, pastor of Market Street M. E. Church, officiating. The parlors of the home were beautifully decorated for the occasion and a number of friends and relatives of the young people were present to witness the ceremony, which was followed by a reception at which Mr. and Mrs. Morris were the recipients of many happy congratulations and best wishes.

The couple will make their home with the groom's parents, Mr. and Mrs. A. H. Morris, No. 815 Chestnut street. Both are very popular in Wilmington, and there are many who will extend to them felicitations upon their happy union.

DARLEY PARK MANAGER.

Mr. G. Morgan Knight, of Baltimore, Here to Take Charge.

Mr. G. Morgan Knight, of Baltimore, has arived in the city and taken charge as manager of the Wilmington Agency of the Darley Park Brewing Company in this city, succeeding Mr. H. Habenicht, resigned. Mr. Knight has been connected with the home office of the company for several years and is a young man of pleasing address and splendid business ability. The affairs of the Wilmington agency are bound to prosper in his hands. The Darley Park plant in Baltimore is said to be the largest steam bottling works in the South and the famous Pale Export Beer and other products put out by the company are known far and wide. The Wilmington Agency is located at 319 North Nutt street. Mr. Knight assumed charge of the Wilmington business on September 1st. It will be pleasing to the trade to know that Mr. Habenicht remains with the company in another capacity at Wilmington, and that he will be pleased to have his friends call on him still with the Darley Park people.

Real Estate Transfers.

From deeds filed for record yesterday the following real estate transfers appear: W. G. James and wife to John P. Quelch and wife, for $100 and other considerations, two lots of land in Seaside avenue in Block 272, the lots being 66x70 feet in size and 33x66 feet in size. John D. Bellamy and wife to King Distilling Company for $100 and other considerations, 85 acres of land on the west side of Smith's Creek, 20 feet northeast of the corner of the old still house of W. M. Troutman & Co.

Of Interest to Sportsmen.

The attention of sportsmen is directed to the fact that Chapter 40, Section 1882, of the Revisal of 1905, was amended by the 1907 session of the Legislature so as to read that the closed season or time in each year during which no squirrels shall be hunted, killed or in any way captured, shall be in Pender county from the first day of April to the first day of October. It is understood that the law in this respect is being violated in Pender and that a movement is on foot to prosecute the violators.

Mr. W. P. Toomer the Winner.

The ten-day tournament of the bowling alley of Mr. H. A. Kure, at Carolina Beach, has closed with Mr. W. P. Toomer, of this city, the winner of the prize of $10 offered by the management for the highest score during the period named. Mr. Toomer's score was 279.

Voluminous Case on Appeal.

Deputy Clerk W. N. Harriss and an extra stenographer have been busy several days in making a transcript of the case of Smith against Moore on appeal to the Supreme Court. The transcript is voluminous, consisting of about 275 typewritten pages, which will be taken up to the Supreme Court

Read The Star Business Locals.

CAROLINA CENTRAL SITUATION.

Wilmington Commercial Organizations Revived the Subject.

Referring to the Raleigh correspondence of the Star printed in another column, it will be of interest to know that the matter of relaying the heavier rails on the Wilmington-Hamlet branch of the Seaboard Air Line was revived before the Corporation Commission by the Wilmington Chamber of Commerce and the Wilmington Merchants' Association, through their respective presidents, Messrs. J. A. Taylor and L. B. Rogers. Both organizations were confident that the work was not being pushed with the dispatch that it should and strong appeals were sent to the Commission to act at once. As will be seen from the Raleigh correspondence, the Corporation Commission has seen fit to give the railroad until January 15th of the new year to complete the improvement.

It is dollars to doughnuts that the granting of such a time for a pressing relief will not be received with favor by the commercial organizations here nor by the people living along the line of the Seaboard between here and Hamlet. The laying of heavier rail on the Coast Line from Goldsboro to Wilmington was begun about the same time as the Seaboard began its relaying between here and Hamlet. The Coast Line has been running trains over its heavier rails all the way since August 1st. The Seaboard has laid 18 miles.

It is recited as an actual fact that passengers coming to Wilmington from the Charlotte section are now traveling by way of Columbia rather than be required to brave the connecting link of the Seaboard between here and Hamlet.

It would appear to the public that while the Corporation Commission is indulging itself in flights to Washington to reduce passenger rates, it would do well to give some time to compelling some approach to a service down here in North Carolina, where a long suffering public has looked and looked in vain to "the powers that be."

BACK FROM TRAP SHOOT

Wilmington Team Showed Up Well at Richmond Meet This Week.

Members of the team which represented the Wilmington Gun Club at the tournament of the Deep Run Club in Richmond began arriving home yesterday and all were well pleased with the reception they received in the Old Dominion. While none of the team won high averages, they shot well and took their share of the prize money. North Carolina was well represented at the meet, the "down homers" being Holmes, Stokley, Dreher, Penny, Boylan and Boushee, of Wilmington; Dr. Johnson, of Raleigh; Lyon, of Durham; Walls, of Wilson, and Sims, Killett, Anthony and Todd, of Charlotte. The first day's event were pulled off in great shape but on Tuesday the men at the traps were greatly handicapped by wind and rain.

The most interesting event of the first day was the 100-bird race for the Johnson-Lyon cup, donated jointly by Dr. Johnson, of Raleigh, and George Lyon, of Durham, the man winning the cup to get a gold medal for the first winning, and next year, if winning, to have his choice of the cup or another medal.

Messrs. Baskervill and Hatcher tied for the trophy with 96 out of 100 and in shooting the tie off with 20 birds, Baskerville won.

Wilmington men scored on the opening day as follows out of 140: Stokley 120, Boylan 119, Dreher 116, Boushee 115 and Penny 115, Holmes 106. W. F. Hall, of Fisherville, Va., was high amateur with 129. Tuesday the scores of the Wilmington team were as follows: Stokley 177 out of 200; Dreher 169 out of 200. Holmes shot at 160 and broke 119; Penny shot at 120 and broke 98; Boushee shot at 120 and broke 92, and Boylan shot at 160 and broke 126.

MRS. ELIZABETH R. SAVAGE DEAD

Good Woman Entered Into Rest Last Night—The Funeral.

Mrs. Elizabeth R. Savage, widow of the late J. H. Savage and mother of Constable W. B. Savage, of this county, a woman held in the highest esteem by all in the circle of her acquaintance, passed away last night at 8 o'clock at the residence of Mrs. W. K. Bell, near Sixth and Ann streets, where she had made her home for many years. Mrs. Savage had been in feeble health for a long time, but it was not thought that her condition was at all alarming, therefore the news of her death came as a great shock to the family and friends. She was in the 66th year of her age and had lived in Wilmington practically all her life, being known far and wide for her strong Christian character and kindly disposition. She was a faithful and valued member of Fifth Street M. E. Church and her presence there will be sadly missed.

Mrs. Savage is survived by three children, one son, Mr. W. B. Savage, and two daughters, Mrs. W. J. Joyner, of Wilmington, and Mrs. W. A. Kinyon, of Massachusetts. The sorrowing ones have the heartfelt sympathy of all in their deep bereavement. The funeral arrangements will be announced later as soon as Mrs. Kinyon, the only absent member of the family, can be reached by telegraph.

Health in the Canal Zone.

The high wages paid make it a mighty temptation to our young artisans to join the force of skilled workmen needed to construct the Panama Canal. Many are restrained however by the fear of fevers and malaria. It is the knowing ones—those who have used Electric Bitters, who go there without this fear, well knowing they are safe from malarious influence with Electric Bitters on hand. Cures blood poison, too, biliousness, weakness and all stomach, liver and kidney troubles. Guaranteed by R. R. Bellamy, druggist. 50c.

FUNERAL NOTICE.

The funeral services over the remains of Miss Mary J. Hyde will be read at St. James' Church this afternoon at 5 o'clock.

Transportation charges paid on purchase of $5.00 and over.

Why is Sugar Sweet.

If sugar did not dissolve in the mouth you could not taste the sweet. GROVE'S TASTELESS CHILL TONIC is as strong as the strongest bitter tonic, but you do not taste the bitter because the ingredients do not dissolve in the mouth, but do dissolve readily in the acids of the stomach. Is just as good for Grown People as for Children. The First and Original Tasteless Chill Tonic. The Standard for 30 years. 50 cents.

A HELPING HAND

Is Gladly Extended by a Wilmington Citizen.

There are many enthusiastic citizens in Wilmington prepared to tell their experience for the public good. Testimony from such a source is the best of evidence, and will prove a "helping hand" to scores of readers. Read the following statement:

C. H. Horton, printer on the Morning Star, formerly residing at 109 1-2 Dock street, Wilmington, N. C., says: "I had a rash on my body which had been bothering me for sometime and often almost set me wild. I used lots of medicine and remedies, but without relief until I procured Doan's Ointment from Bellamy's drug store, I found it to be almost excellent. I do not believe it was ten minutes after I applied it before I had relief. I am glad to let others know of an effective preparation like Doan's Ointment proved to be in my case."

For sale by all dealers. Price 50 cents, Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

MR. GREER H. BAUGHMAN.

Father of Mrs. T. M. Emerson Died at His Home in Richmond.

The Richmond Times-Dispatch of yesterday contains a lengthy obituary notice of Mr. Greer H. Baughman, one of the leading business men of that city and father of Mrs. T. M. Emerson, of this city, and Mrs. E. P. Boatwright, of Norfolk. Mr. Baughman passed away at 9:45 o'clock Tuesday morning at his home, No. 1101 Grove avenue. The funeral was conducted from St. Paul's Episcopal Church with Confederate and Daughters of Confederacy honors yesterday afternoon at 4:30 o'clock.

Mr. Baughman was in the 68th year of his age, and was president of a large book and stationery firm in Richmond, being prominent in the business and social life of the city since the war. He leaves besides the daughters named, one sister, Miss Minnie Baughman, and two brothers, Messrs. E. A. and C. C. Baughman, with whom he was associated in business. Mr. Baughman was twice wounded in the War Between the States, and followed the flag through four long years until the surrender at Appomattox, then returning to his home to build up his shattered fortune. The Times-Dispatch of yesterday pays the following tribute:

"A quiet, modest, unassuming citiben was Mr. Baughman, but in business and social circles and as a Confederate soldier no man in Richmond held a more enviable position and no man who wore the gray was more generally beloved by his comrades."

DIED IN THIS CITY.

Mrs. D. M. Formy-duval Passed Away Yesterday at Home of Daughter.

Friends will regret to learn of the death of Mrs. D. M. Formy-duval, of Cronly, N. C., which occurred at 7 o'clock yesterday morning at the home of her daughter, Mrs. D. D. Boylan, No. 604 North Fifth street, this city, where she had been visiting for the past six weeks or more. Mrs. Formy-duval suffered a severe attack of pneumonia earlier in the year, but recovered sufficiently to come to Wilmington to visit her daughter. Here she suffered a recurrence of the attack and death came yesterday to relieve her suffering. She was 65 years of age and was held in the highest esteem by all in the circle of her acquaintance. The bereaved ones have the sympathy of a great many friends in their bereavement.

Accompanied by members of the family and friends, the remains were taken on the Seaboard Air Line train at 4 o'clock yesterday afternoon for interment at Cronly today. The pallbearers from the residence to the train were Capt. John Barry, Messrs. J. M. Woolard, E. C. Woodbury and W. A. Alderman.

A WILMINGTON EXPERT

Special Article by Mr. J. Fletcher Ruark in "The Bookkeeper."

The September number of "The Bookkeeper," a high-class magazine publication devoted to the profession indicated by its name and just from the presses in Detroit, Mich., contains an exceedingly well written special article on the "Wholesale Grocery and Commission Business," being a complete description of an efficient and strictly up-to-date system suited to the requirements of a very important industry and written by Mr. J. Fletcher Ruark, Fellow of the International Accountaints' Society, Inc., a resident of this city. The article is embellished with cuts of the system, many of the forms being reproduced from the stationery of Messrs. Brooks & Taylor, of this city, by whom Mr. Ruark is employed. The article is nearly a dozen pages in length with the cuts and illustrations and to the layman, it appears to be an exceedingly well conceived plan of accounting admirably written up for the publication by Mr. Ruark, who has received a number of compliments upon his work and the systems originated and practiced by him.

B. P. O. E. District Deputy.

Yesterday's Newbern Sun has the following: "Mr. Seymour W. Hancock, the postmaster, received yesterday from Grand Exalted Ruler John Femmer, of the Benevolent and Protective Order of Elks, of Charleroi, Pa., a commission as District Deputy Grand Exalted Ruler for the order in Eastern North Carolina. Mr. Hancock who is an enthusiastic Elk, will visit the lodges in his district and stimulate the growth of the order and its principles." Mayor L. J. Brandt, of Greensboro, has been appointed District Deputy for Western North Carolina.

VERDICT FOR OIL MAGNATES.

H. H. Rogers and Charles Pratt Win $50,000,000 Suit.

(By Wire to The Morning Star.)

Boston, Mass., Sept. 4.—A verdict was given for the defendants, Henry H. Rogers and Charles Pratt, of New York, by Auditor Winfield S. Slocum, in the Supreme Court today in a suit brought by C. M. Raymond, of Somerville, to recover $50,000,000 alleged to be due as royalties for the use of a process for rendering petroleum and its products non-explosive.

It was represented by the defense that the formula was of no value and did not render the product non-explosive according to experiments by Hiram Maxim, that the contract was terminated January, 1875, Benjamin F. Greenough, with whom the original contract was made, acquiescing, and finally the defendants referred to the statute of limitations. The auditor stated in his findings that the formula did not perform what was claimed for it.

In San Francisco yesterday Louis P. Glass, vice president of the Pacific States Telephone and Telegraph Company, convicted of having bribed supervisor Lonergan to vote against granting a franchise to the Home Telephone Company, was sentenced by Judge Lawler to five years imprisonment in the State prison at San Quentin.

WARM WIRELETS.

Thirty athletes, comprising a portion of the team of the Irish-American Athletic Club which will compete in the championship games at Jamestown Friday and Saturday, sailed from New York yesterday on board the steamer Monrie for Norfolk. The rest of the team left by rail for the exposition city last night.

A heavy wind and rain storm with blinding electric flashes passed over Fort Gaines, Georgia, late Tuesday night. All wire communication with Atlanta was cut off and no word was secured until nearly noon yesterday. The storm prevailed over a wide territory, but no loss of life has been reported. Great damage is reported to crops.

An exploding tank of gasoline in the cellar of a burning building on Havemeyer street, Brooklyn, yesterday seriously injured five firemen, two of whom will die of their injuries. The fire broke out in a tenement house cellar where there was stored a quantity of paint and oils. The firemen, who had flooded the cellar with water were rolling out a tank of gasoline when it expolded.

Frank P. VanHorn, late superintendent of carriers in the Jackson, Mich., postoffice, but who was under arrest on a charge of stealing from the mails and set at liberty on $1,000 bail to appear before the Federal grand jury at Detroit, September 16, committed suicide by hanging in the barn at his residence in Jackson yesterday. He had been melancholy for several days. He had admitted his crime to the postoffice inspector.

Judge Smith McPherson in the Federal Court at Topeka, Kansas, yesterday, issued an order for the exhumation of the body of the late Lucius L. Perkins, of Lawrence, Kansas in the suit brought by the Mutual Life Insurance Company of New York, in which company Perkins held a policy for $100,000. His heirs brought suit against the company to compel payment of the policy. The insurance company desires to have the stomach examined for traces of poisoning, holding that Perkins committed suicide.

AERONAUT FELL INTO SEA.

Thrilling Experience of Man Whose Balloon Collapsed in Cold Air.

Lynn, Mass., Sept. 4.—Enveloped in a dense fog which chilled him to the bone and prevented all attempts at self preservation, John J. Maloney, a Boston aeronaut, was thrown into the sea by his balolon, two miles off Fishermen's Beach, Swampscott, tonight, and for more than an hour was swept back and forth in the water until his cries were heard by life-savers and the fishermen on shore who went to his rescue. Maloney made an ascension from Nahant in a hot air balloon in the presence of a large crowd about 8:30 o'clock tonight. Maloney went up sitting on a trapeze bar and all preparations were complete for riding out the life of the balloon, which under ordinary conditions will stay up for an hour or more.

Maloney had hardly left the ground when he was enveloped in a thick mist and fog and continuing on up through this struck a cold current of air. The thousands of spectators watched the coast line in anticipation of the balloonist landing in the water near shore. For more than an hour nothing was heard from the aeronaut, until some miles away on the Swampscott shore cries of help were heard coming from the ocean. The life-saving station at Nahant was notified and several Swampscott fishermen set off in their boats and after a long search two of them found Maloney, almost unconscious, clinging to the partially inflated folds of his balloon. Maloney was taken into the fishermen's dorey and carried to the Swampscott shore. The balloon, he said, had collapsed sooner than he expected in the cold upper currents, and instead of landing on shore he had dropped rapidly into the sea between Nahant and Lynn and nearly two miles off the beach.

Soon after striking water a gust of wind drove him toward shore.

SENATOR BORAH INDICTED

He and Others Charged With Defrauding Government.

(By Wire to the Morning Star.)

Boise, Idaho, September 4.—The indictment returned last April by the Federal grand jury against Senator William E. Borah and other prominent men charging conspiracy to defraud the United tSates government, was served on the defendants today. Besides Borah, the indictment includes Frank Martin, attorney general of Idaho under Governor Stuenebeng's administration; J. T. Barber and Sumner C. Moon, millionaire stockholders of the Barber Lumber Company, residing in Wisconsin; J. I. Wells, P. H. Down, John Kinkaid, L. M. Pritchard, William Sweet, Albert M. Palmer and H. S. Rand.

The indictment charges that these repsons entered into a conspiracy in September, 1901, and at various other times to procure by fraudulent entry timber lands in Boise county.

Senator Borah has been accorded the privilege of a separate trial. The case for the government will be conducted by B. M. C. Burch, of Denver, and S. R. Rush, of Omaha, special assistant Attorney General, representing the Department of Justice.

SHOULD HAVE BEEN HUNG

Man in New York Gets 18 Years for Assaulting Girl.

New York, September 4.—That it is the intention of Judges in whose hands their fate may be place, to deal severaly with men convicted of attacks upon women and children was evidenced today when Frederick Schonland was sent to prison for not less than 16 nor more than 18 years. Schonland had been convicted of having assaulted fifteen year old Jennie Tollberg. Sentence was imposed by Judge Crane in the court of General Sessions.

MYSTERIOUS DISAPPEARANCE.

Wealthy Cincinnati Manufacturer Lost in New York City.

(By Wire to the Morning Star.)

Cincinnati, Sept. 4.—Because of the mysterious disappearance in New York of Seward Heidelbach, president of the Fabian Manufacturing Company in this city, M. E. Hoch was today appointed receiver of that concern and placed under a bond of $600,000.

The petition for the receivership, in addition to the setting forth the facts of the disappearance of Mr. Heidelbach, states that the action is taken with the consent of the largest creditors, and also one of the two defendants, Stanley S. Rauh, the other defendant being Mr. Heidelbach. The Fabian Manufacturing Company is known over the entire country in clothing circles.

Seward Heidelbach disappeared last month, while in New York city. He had returned but a few days previous with Mrs. Heidelbach from an extended stay in Europe. On the day when he was last seen by his relatives and friends in New York he secured from the New York financial agents of the Fabian Manufacturing Company drafts for $4,000, saying he had to pay accounts contracted while in Europe. He started for an express office and since then has notb een heard from.

PANIC IN BIJOU THEATRE

Film Caught Fire and Endangered 1,000 People.

(By Wire to The Morning Star.)

Kankakee, Ills., September 4.—A thousand persons in the Bijou Theatre were thrown into a panic tonight by the burning of the film of a moving picture machine in a room near the street entrance. Some one shouted "fire" and everybody made a rush for the exits. There were a number of women and children in the theatre and many persons were knocked down in their excited efforts to reach the street.

The entire company went on the stage and sang a song to quiet the fears of the audience, but the expedient proved unsuccessful. The greater portion of the audience got out of the theatre before the flames had been extinguished. Several women fainted during the excitement but no one was injured.

After quiet had been restore the audience filed back into the theatre and the performance was begun all over again.

UNWRITTEN LAW IN OHIO.

Wronged Husband Kills Man Who Eloped With His Wife.

(By Wire to The Morning Star.)

Dayton, O., Sept. 4.—Fire Chief B. H. Miller, of Franklin, O., today shot and instantly killed J. H. Little, who recently eloped with his wife, and was returned to Franklin last night for trial. Miller entered the police station and going directly to Little's cell fired two shots which lodged in the victim's breast. Miller is now a raving maniac and is under guard.

Mrs. Miller eloped with Little about a month ago. She is a handsome woman and belongs to a prominent family. It was because Little has a missing thumb that the detectives located the pair. When the pair were placed under arrest Little denied his identity, but Mrs. Miller said she was the runaway wife and that she wanted to return home, but Little would not let her.

BELGIAN MOB IS FIERCE.

In Spite of Troops Great Damage is Done at Antwerp.

(By Wire to The Morning Star.)

Antwerp, Sept. 4.—The military controlled the situation here today, though the rioters attacked a number of freight cars and threw several of them into the canal. This evening the strikers set on fire another lumber yard, covering 3,000 yards. At 10 o'clock tonight an entire regiment of troops was called out to assist the firemen in putting out the flames. In spite of the assistance rendered by the military, the fire is spreading. The damage is estimated at $800,000.

The strikers set fire to two other warehouses shortly after midnight. Officers of the militia declared this evening that the strikers were in a most dangerous temper, as free liquor is being distributed to them in the saloons.

BATTLE AT CASABLANCA

Six Thousand Moors Attack French. Slaughter Enormous.

(By Cable to The Morning Star.)

Casablanca, Tuesday, September 4.—Eight Frenchmen were killed and seventeen wounded in an engagement yesterday outside the camp. The Moors concentrated the largest force they had yet mustered in this vicinity and returned to the attack again and again after encountering the dealy fire of the French artillery and machine guns. Their losses are described as enormous. The fighting was started by attack made by the Moors on a French scouting party.

About 6,000 Moors participated in the fight which lasted seven hours.

THE EAGLES' CONVENTION.

Second Session at Norfolk—Business Was Order.

(By Wire to the Morning Star.)

Norfolk, Sept. 4.—The second day's session of the National Convention of the Fraternal Order of Eagles opened today with an increased attendance. The forenoon was devoted to the hearing of the reports of the grand officers; presentation and reference of petitions, communications and memorials, and the hearing of the reports of the judiciary and finance committees. In the afternoon the reports of the grievance, appeals and credentials committees were heard and the report of the ritual committee was received.

IMMUNITY BATH IN DOUBT.

Action in Chicago & Alton Railroad Held Up for Evidence.

(By Wire to The Morning Star.)

Lenox, Mass., Sept. 4.—Attorney General Charles J. Bonaparte tonight issued a statement regarding the Standard Oil case in the Illinois court. The Attorney General's statement is as follows:

"On August 14 Judge Landis asked in substance that the Department of Justice consider portions of the transcript of testimony in the case of the United States against the Standard Oil Company of Indiana in order to determine whether the Chicago & Alton Railroad Company, its officers and employes were entitled to the benefits of an agreement assuring it and them of immunity against criminal prosecution on connection with the granting of certain rebates to the Standard Oil Company.

"The Department, in compliance with the desire of Judge Landis, examined the above mentioned records and carefully investigated the entire subject and as a result of such investigation the Attorney General on August 29 wrote Edwin W. Sims, United States attorney at Chicago, informing him in substance that the agreement was shown to have been made in June or July, 1906, by C. B. Morrison, Mr. Sims' predecessor in office, that Mr.. Morrison's action appears to have been duly authorized at the time by the Department; that in the opinion of the Department the arrangement had greatly facilitated the indictment and conviction of the Standard Oil Company, and that while certain portions of the evidence might be fairly open to unfavorable comment, the Department regarded the Government as bound in good faith and also as a matter of public policy to give effect to the agreement.

"Mr. Sims was instructed to read this letter when the grand jury reconvened in September and to take such further action to the foregoing end as might seem to the court and to himself appropriate in the premises.

"The Department learns that Mr. Sims did not comply with those instructions by reason of his having had called to his attention very recently certain new, and in his judgment, material facts, which he thought should be submitted to the Department for its further consideration, before its conclusions should be finally announced. For this purpose, he asked and was granted by the court a delay of three weeks. The Department is not as yet advised as to what are the facts thus ascertained by Mr. Sims. It has great confidence in his sound judgment and devotion to duty, and it awaits his report before taking further action in the premises. Inasmuch, however, as the circumstances of the case may be liable to misconstruction it is deemed proper to submit now the present statement to the public."

IRON AND STEEL FAILURE

President Once Served Eight Years in Ohio Penitentiary.

(By Wire to the Morning Star.)

Bristol, Va., September 4.—Judge A. K. Skeen, of the United States Court here, today appointed L. O. Pettit of Big Stone Gap, receiver of the Union Iron and Steel Corporation of New York, owning furnaces in Virginia, Ohio, Michigan and New Jersey. The receiver was appointed on petition of the Norton Coal Company, of Norton, Va., and no statement of assets and liabilities is obtainable at this time, owing to the fact that efforts are being made to adjust the claim. For this reason other creditors have not joined in the petition.

The Union Iron and Steel Corporation is an offspring of the Union Steel and Chain Corporation, the latter a $60,000,000 concern organized several years ago by Edward L. Harper, formerly of Cincinnati.

It is reported that the receivership is a plan of the creditors of E. L. Harper to uncover his assets. Obligations aggregating several million dollars are held by Cincinnati and Chicago bankers. About twenty years ago Harper wrecked some banking institutions in an attempt to corner the wheat market. For this he was sentenced to eight years in the Ohio penitentiary and shortly after his release he merged a number of furnaces and steel plants into the Union Steel and Chain Company, of which he has since been president.

About eighteen months ago Harper filed a voluntary petition in bankruptcy in the United States Court here, but his right to release from the old obligations was successfully contested by his creditors. At the hearing before the referee he failed to establish that he was insolvent. It was shown that he was receiving a large salary as president of the steel and iron corporations.

Edward L. Harper, Jr., general manager of the company, has made formal transfer of the business to the receiver and the furnaces and mines are still in operation. President Harper is said to be hurrying to Virginia with a view to adjusting the matter and securing the discharge of the receiver. The temporary financial embarrassment of the company is partly attributed to the death of treasurer Holmes, which occurred in New York last week.

BRIDE SHOT TO DEATH

Young Kentuckian Arrested on Suspicion of Murdering Young Wife.

(By Wire to The Morning Star.)

Ashland, Ky., September 4.—Milton Dixon, whose bride of three months was found dead as the result of a gunshot wound in the head, at their home in Oakland, near this city, Monday, was arrested late yesterday on the charge of murdering her. It is charged that Dixon killed his wife because she had berated him for having danced with a former sweetheart at a ball on the night preceeding the shooting. Dixon declared that his wife mad with jealousy, had shot herself.

READ THE STAR BUSINESS LOCALS.

RAILROAD PRESIDENTS

Big Gathering in New York May be Significant.

New York, September 4.—The presence here of an unusually large number of railroad presidents from all over the country gave rise to reports in the financial district today that a conference of the executive heads of various railroads was being held to discuss the two cent rate propositions and other questions affecting railroads now under public consideration.

These reports were denied by railroad officials, who stated that a larger number of board meetings were scheduled to be held at this time and that the presidents of railroads were here to attend the meetings. It is most likely, however, that the heads of the railroads in their informal meetings will discuss the question of railroad legislation and the monetary situation which has to some extent lessened new railroad building and improvements. It was stated at the office of J. P. Morgan & Co., this afternoon that no formal conference of railroad presidents had been called.

EFFECT OF NEW RATE LAW.

All Improvements on Georgia Central Have Been Stopped.

Macon, Ga., September 4.—As a result of the reduction in passenger rates and the general condition of the money market so far as railroads are concerned, all improvements have been ordered stopped by President J. F. Hanson, of the Central of Georgia Railroad Company. President Hanson says the road has not sufficient money to do the work.

—Charlotte Observer, Sept. 2: After having finally secured Hon. William Jennings Bryan to deliver an address at the Chautauqua this fall, the management is busy planning an elaborate entertainment for the distinguished Nebraskan and the other famous speakers and musicians who will appear at the Chautauqua. It is planned to give a big reception to Mr. Bryan on his arrival in the city. Prominent men from all parts of the State will be invited to participate in this reception. Among the number will be Governor Glenn and other State officials, along with the managers of the Greater Charlotte Club, Auditorium Company, ministers of the city and others. It is likely the military will be secured for the occasion and a parade, brass bands, etc., will add to making the reception to the guests of the city just what it should be. The prospects for a record-breaking attendance this fall are most promising. From different parts of the State letters are being received bearing assurance that the fall festival will attract great crowds from all over the State to this city. Bryan's date is October 14th, and a letter just received from him tells the committee to announce his subject as "The Average Man." Mr. Bryan closes his letter by saying that in this address he will pay his respects to the greater portion of the American people and try to prove why they should be Democrats.

Pure Whisky Has Medicinal Value

Science establishes the fact, that whiskey is a valuable medicine and when used in moderation its effect on the human system is wholesome and beneficial. The discovery of medicinal properties in whiskey is not new, they were recognized and used to advantage by the scientists of the East long before the course of civilization turned westward.

The Southern Distilling Company, was established on the idea that there was ample room for a large whiskey house that would sell pure whiskies for medicinal use and that is the trade they have today.

We have many proofs which we can offer which sustain our claims which we will gladly furnish upon request.

Phone 248 for Quick Delivery.

SNOWDRIFT
HOGLESS LARD

A vegetable lard, without any hog-fat in it. Made of purest, refined, deodorized cotton seed oil, under Wesson process. Odorless and tasteless.

For bread, biscuit and fancy pastry baking, frying meats, fish, potatoes and doughnuts, and as a substitute for butter, it is the purest and healthiest cooking fat, requiring only three-quarters the amount to attain the same results as from the use of butter. Appeals to housewives from economical and healthful points of view. Will not take on odor of fish, onions or anything else. Will not soak into or become absorbed by anything cooked in it.

SOLD EVERYWHERE

The Southern Cotton Oil Co.
New York Savannah Atlanta New Orleans

SPIRITS TURPENTINE

—The Erwin Cotton Mills Company has recently installed a water system, by which artesian water is put in reach of all the inhabitants of Duke. This water comes from a well 550 feet deep and is splendid drinking water.

—Newbern, Sept. 3: Several saw mills in this city have stopped on account of the low price of lumber. The proprietors say that the mills have been running at a loss and they claim that further operation would cause serious difficulties. The action makes several hundred men idle.

—Reidsville, Sept. 2: Mr. W. F. Landreth, of Danbury, Fla., is visiting his father in this county. Recently he has turned his attention to raising Sumatra tobacco. He cultivated four acres in this kind of tobacco, from which he raised about 5,500 pounds, which he sold for 75 cents a pound, thus netting $4,170. He bought a farm, built his house, cultivated the crop and paid for all out of the first crop. Mr. Landreth expects to put in at least ten acres next year. The tobacco looks very much like the tobacco raised in this section, only it is not topped, and it grows about eight or nine feet tall.

—Gastonia, Sept. 3: Work has been resumed at the byrates mine near Linwood College. Captain W. T. Vincent has been here, stopping at the Falls House for several days, getting things in readiness for considerable activity. As local manager for his company he is having the road leading to the site put in condition for hauling machinery and the product of the mines. These are situated near Crowders Mountain, about two miles below Linwood College. The company having the undertaking in hand is the Clinch Valley Barytes Company, of Honaker, Va. Considerable machinery is to be placed on the grounds and it is understood that about two hundred hands will be employed in the effort to mine large quantities of the material.

—Asheville, Sept. 3.—Judge H. A. Gudger, of the Supreme Court of the Isthmus of Panama Canal Zone, is here to spend his vacation. Judge Gudger says that reports of bad climate and lawlessness on the isthmus are exaggerated; that in fact morality is on the increase and gaimbling is fast being wiped out. He says that the laws are being rigidly enforced and that the moral atmosphere of the zone is equal to almost any community in the State of North Carolina. Judge Gudger said that when the mixed population now employed on the construction of the canal is considered the percentage of crime is very small. Judge Gudger says he has enjoyed excellent health in Panama but that after all there is no place like home. He will spend six weeks of his two months' vacation in Asheville.

—Asheville, Sept. 3: The negroes of Asheville and, incidentally, no few ignorant and superstitious white people, have been greatly disturbed during the past few days over a widespread rumor started somehow and some place to the effect that James Rucker, the negro rapist hanged here on August 20th, was not dead; that he still lives though still unconscious and that he is now, according to one report, in a local undertaking establishment and to another rumor in a local hospital. The negroes say that Rucker's heart still beats and that great beads of perspiration stand out on his forehead. The rumor has gained such headway among the negroes that many have become badly frightened. Negro servants almost daily relate and reiterate these alleged facts to their employers all the while they tremble with fear.

—Winston-Salem, Sept. 3: Tonight about 10 o'clock, while street car No. 17, in charge of Motorman Burley Shields, was returning from the park, Shields was in some unaccountable manner thrown from his car as it rounded the curve at the corner of Main and Third streets and the back of his head was crushed in. He was carried immediately to a drug store and later to the hospital where at a late hour tonight it was said he was just alive. Though there is much mystery about the accident, it is very probable that Shields was asleep when the car struck the sharp curve, that the brake handle probably hit him and knocked him from the car He worked eighteen hours yesterday and was on all today and probably took a short nap standing with his hand on the lever. There were no passengers on the car.

Mrs. Winslow's Soothing Syrup has been used for over 60 years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. It will relieve the poor little sufferer immediately. Sold by Druggists in every part of the world. Twenty-five cents bottle. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other.

GUARANTEED UNDER THE FOOD AND DRUGS ACT, JUNE 30TH, 1906, SERIAL NUMBER 1098.

TURKEYS—Out of season.

THE COTTON MARKET

(By Wire to The Morning Star.)

New York, September 4.—Active months made new high records in the cotton market today as a result of more aggressive bull support and rumors of severe storms in South Atlantic States. The close was steady at a net advance of 16 to 21 points. Sales for the day were estimated at 250,000 bales.

The opening was firm at an advance of 6 to 10 points in response to higher cables and prices worked up to a net advance of 17 to 21 points shortly after the opening on private wires from Memphis reporting that a severe storm was sweeping along the gulf coast and through Southern portions of Louisiana, Mississippi, Georgia and Alabama. There was nothing in official reports to confirm this dispatch and during the middle session prices eased off 6 or 7 points from the best of the day under realizing but rallied again and reached the highest point in the late trading on covering and bull support which was encouraged by rumors of a bullish crop statement by a prominent local authority tomorrow and apprehensions regarding possible storm damage.

The close was 2 or 3 points off from the top on active months. Press dispatches reported heavy wind storms in South Georgia but said there was little damage except to telegraph lines. The weekly bureau report was considered moderately bullish.

Receipts at the ports today 7,070 against 3,353 last week and 11,329 last year. For the week 40,000 against 22,303 last week and 73,506 last year. Today's receipts at New Orleans 292 against 460 last year.

Spot cotton closed steady; middling uplands, 13.55; middling Gulf, 13.80; sales, 200. Futures opened firm and closed steady.

	Open.	Close.
September	11.67	11.82
October	12.30	12.39

DRY GOODS MARKET.

(By Wire to the Morning Star.)

New York, September 4.—The dry goods market was fairly active in the jobbing division today. Underwear and hosiery are selling slowly on duplicate orders. A shortage in staple silks is anticipated by some of the leading houses in consequence of labor troubles in the silk yarn districts. Bleached and brown cottons are quiet and firm.

FINANCIAL MARKET.

(By Wire to the Morning Star.)

New York, September 4.—Money on call firm 2 to 3 per cent., ruling rate 2, closing bid 2 1-4, offered at 2 1-2. Time loans easy and dull, sixty days 5 to 5 1-2 and ninety days 5 3-4 to 6; six months 6 per cent. Close: Prime mercantile paper 6 to 6 1-2 per cent. Sterling exhange easy with actual business in bankers bills at 4.8620 to 4.8625 for demand and at 4.8240 to 4.8245 for sixty day bills. Commercial bills 4.82 1-2 to 4.82 1-4. Bar silver 68 1-4. Mexican dollars 53.

MEN ADMIRE

MISS EMMA RUNTZLER

a pretty face, a good figure, but sooner or later learn that the healthy, happy, contented woman is most of all to be admired.

Women troubled with fainting spells, irregularities, nervous irritability, backache, the "blues," and those dreadful dragging sensations, cannot hope to be happy or popular, and advancement in either home, business or social life is impossible.

The cause of these troubles, however, yields quickly to Lydia E. Pinkham's Vegetable Compound made from native roots and herbs. It acts at once upon the organ afflicted and the nerve centers, dispelling effectually all those distressing symptoms. No other medicine in the country has received such unqualified indorsement or has such a record of cures of female ills as has

Lydia E. Pinkham's Vegetable Compound

Miss Emma Runtzler, of 631 State St., Schenectady, N. Y., writes:—"For a long time I was troubled with a weakness which seemed to drain all my strength away. I had dull headaches, was nervous, irritable, and all worn out. Chancing to read one of your advertisements of a case similar to mine cured by Lydia E. Pinkham's Vegetable Compound, I decided to try it and I cannot express my gratitude for the benefit received. I am entirely well and feel like a new person."

Lydia E. Pinkham's Vegetable Compound is the most successful remedy for all forms of Female Complaints, Weak Back, Falling and Displacements, Inflammation and Ulceration, and is invaluable in preparing for childbirth and the Change of Life.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. Her advice is free and always helpful.

Belle of Virginia BLENDED RYE

When a man goes for a drink of Belle of Virginia Whiskey he hurries because he knows he will have a fine drink, and when he comes away he smiles and smacks his lips because he has had it. Belle of Virginia is a blended whiskey—a rye whiskey carefully and scientifically blended from fine, pure, old whiskies. It's a really good honest article and to those who like a blended whiskey it will give satisfaction clear down to the ground.

Sold at the places where gentlemen go to get a drink.

FOUR RASCALS MUST NASWER

Political Sensation in Allegheny City, Pa, Caused By Grand Jury Indictment.

CORRUPTIONISTS RUN DOWN

Have Been Securing False Registration, Issuing False Tax Receipts and Securing Fraudulent Voting—Voters' League.

(By Wire to The Morning Star.)

Pittsburg, Pa., Sept. 4.—A political sensation was caused here today when it became known that the grand jury had indicted four prominent politicians of Allegheny City in connection with alleged tax frauds in that city.

The men indicted are: Elliott Rodgers, member of the State Senate of Pennsylvania, and former common pleas judge of the Allegheny courts; Samuel Grenet, director of the department of safety of Allegheny; William Hogel, member of the Allegheny councils; William Lamb, a leading Allegheny politician.

In the indictments are allegations of conspiracy to procure false registration and fraudulent voting; the procuring of false registration and fraudulent voting, and conspiracy to issue fraudulent tax receipts.

The charges, it is said, are based upon the November election of 1906, and are the outgrowth of a crusade waged by the Voters' Civic League, of Allegheny. All of the accused today gave bond in the sum of $2,000 each.

Several months ago the Voters' Civic League employed lawyers and detectives to gather evidence, and it is claimed that about 700 or 800 affidavits were secured from persons who used the alleged bogus tax receipts, which they claimed were given them by men identified with political affairs in Allegheny. When the evidence had been collected the League transferred the matter to the District Attorney.

SAVED FROM LYNCHERS.

New York Police Had Desperate Experience Yesterday.

(By Wire to The Morning Star.)

New York, Sept. 4.—After a sensational chase and desperate fight with an Italian desperado in the Bronx today, half a dozen detectives were forced to fight for his life and their own against repeated assaults of hundreds of Italian men and women, who sought to deal out summary justice to the prisoner. He is Antonio Forgone. He had stabbed Mrs. Lorenza Nicholino, in her little store in East 153d street, almost severing her right ear after she had refused to give him $100. As he dashed out of the store Mrs. Gaetano Poppero tried to block his progress. A blow on the face knocked her down and Forgone started on a wild run through the crowded streets. The bloodstained knife which he waived as he sped through the crowd gave the fugitive a fairly clear path and a number of policemen and detectives who had taken up the chase were being distanced. As a last resort they commandeered a passing automobile, and when the machine was abreast of the man, sprang out and attacked him. He fought back and one of the detectives was laid out unconscious before Forgone was subdued. Then for nearly twenty minutes the officers fought almost as desperately to protect the prisoner from the mob. Forgone finally was lodged in the police station.

ROBBED BANK FOR WOMAN

Mrs. Carter Returned $5,000 Stolen by Runyan for Her.

New York, September 4.—Laura M. Carter, who is charged with having received several thousand dollars of the fortune in bank notes stolen from the Windsor Trust Company by Chester B. Bunyan, went on the witness stand in her own behalf today. Her testimony was almost a complete denial of the material points in the story told by Runyan when he appeared as a witness aaginst her last week. She said that the first she knew of the trust company robbery and Bunyan's part in it was gained from the newspapers a week after Runyan came to her house. Mrs. Carter said that previous to this Runyan had given her $5,000, saying he had brought it to her as a present. When she accused him of the robbery and he admitted his identity, she told him that he should take the money back to the bank so that he could square himself and that she would return the $5,000 he had given her. He refused. The next day she returned the $5,000 and went to the police with the information which resulted in Runyan's arrest.

ALFONSO TOASTS YANKEES

Americans Victorious in Yacht Races at Bilboa, Spain.

(By Cable to the Morning Star.)

Bilboa, Spain, September 4.—The American Sonder Class Yacht Chewink VIII. won the first race today in the international contest for the Marie Christine Cup, distance 7 1-2 miles; time two hours, 14 minutes, 11 seconds. The American Yacht Marblehead was second and the Spanish Yacht Doriga was third. The American Yacht Spokane I., finished seventh.

King Alfonso witnessed the start but did not follow the race on account of a portion of the rigging of the royal yacht having been carried away. His majesty congratulated the winner and drank the health of the Americans in the club house, which rang with cheers for the victorious American yacht.

MYSTERY IN CLEVELAND

Banker Phillips' Wife Arrested on Suspicion of Killing Her Husband.

TRAGEDY HARD TO SOLVE

First Report Was That Burglar Shot Phillips—Wife Became Hysterical and Circumstances of Peculiar Nature Have Arisen.

(By Wire to The Morning Star.)

Cleveland, O., Sept. 4.—Developments in the investigation into the death of John J. Phillips, coal operator, broker, banker and clubman, took a sensational turn late this afternoon, when Mrs. Phillips, widow of the deceased, was taken into custody. Mrs. Phillips has been in a highly nervous state since the tragedy on Monday, when announcement was made that her husband had been shot and mortally wounded by a burglar. Today s he collapsed and was not able to attend the funeral. It was shortly following this that, after a conference with Deputy Coroner Houck, who had conducted the inquest, the widow was taken into custody. Deputies will guard her in her home till she recovers sufficiently to be taken to court.

The police believe Mrs. Phillips can give facts concerning the tragedy which would solve the mystery. At the inquest today Dr. C. L. Richardson testified that he had not been summoned until 4 A. M., more than three hours after Phillips was shot. He had been called by telephone. Mrs. Phillips admitted him to the house. She exclaimed:

"Oh, Doctor, something dreadful has happened! Mr. Phillips has been shot by a burglar."

He found the wounded man in bed. He called Dr. Rhodes. After they reached the house, Phillips asked them to leave the bed room a minute as he wished to talk with his wife. Husband and wife were together alone for perhaps two minutes. The bed in which Phillips was found was much stained by blood. Phillips told the physicians that he wanted as little notoriety as possible connected with the affair.

The police ransacked the Phillips home today in search of the revolver or other evidence in connection with the case, but as far as is known no revolver was found.

Phillips' secretary reiterated today his belief that with the life insurance policies left him, the estate would pay off all of Phillips' debts and possibly leave something for the family.

Late tonight Chief Police Stamberberger made public a warrant charging Mrs. Phillips with the murder of her husband. The warrant was issued on an affidavit made by Stamberger and charged second degree murder. Up to a late hour tonight Mrs. Phillips, who collapsed about the funeral hour this afternoon, had not regained consciousness.

TELEGRAPHERS SEEK WORK

Will Not Return to Western Union and Postal.

(By Wire to The Morning Star.)

New York, September 4—The World today says:

From now on the striking telegraphers will seek temporary employment in other trades. The 400 girls in this city will start this morning to get employment in dry goods houses. They will seek employment also as telephone operators."

Officers of the Telegraphers' Union said today that the reports from the West and South that the strikers in many cities are becoming disheartened and returning to work are untrue and are being sent out by agents of the telegraph companies to break the ranks of the strikers. President Jos. F. Ahearn, of the New York Commercial Telegraphers' Union, today advertised in the local papers for employment for 2,000 striking telegraphers at typewriting, bookkeeping, clerical work or anything else except for the telepragh companies.

Lost and Found.

Lost, between 9:30 P. M., yesterday and noon today, a bilious attack, with nausea and sick headache. This loss was occasioned by finding at R. R. Bellamy's drug store a box of Dr. King's New Life Pills, the guaranteed cure for biliousness, malaria and jaundice. 25c.

LOOSE IDEA OF MARRIOGE TIES

Man and Wife Agree on Divorce So He Can Marry His Affinity.

BOTH PART ON GOOD TERMS

Wife Took Steamer to Paris to Sue for Divorce and Husband Was on Hand to Bid Her Farewell and Good Luck.

(By Wire to the Morning Star.)

New York, September 4.—A scene more suggestive of an up-to-date play than of real life, was enacted on board the steamer Ryndam today when Mrs. Ferdinand P. Earle, of Monroe, N. Y., sailed for her native home in France to obtain a divorce in order that her husband, an artist and socialist, may marry another woman whom, he declares, he has found to be his affinity. Mrs. Earle acquiesced in the plan by which she renounced her husband to another woman, if she did not voluntarily enter into the agreement to give him his freedom, and faced a group of reporters and curious persons on the steamer today with a smile which gave no hint of regret of her part in the strange domestic drama in which she is taking the leading role. Mr. and Mrs. Earle left their home in Monroe together today and drove past curious groups of townspeople to the railroad station. There was a little hissing as Mr. Earle boarded the train but it is doubtful whether Mr. Earle heard it above the other noises. Mrs. Earle with her little son Harold aged 2 1-2 years, who will share her exile, reached the steamer in advance of Mr. Earle and went at once to her state room. Mr. Earle arrived soon afterwards and together they appeared on deck to meet the reporters. They posed together for a photograph, both smiling and apparently content with the odd twist that fate has given to their lives.

Mrs. Earle declined to make any statement concerning it, but her husband who seemed highly pleased at the attention he was receiving, said:

"Mrs. Earle is bearing up bravely under the ordeal. This notoriety is worth five years work to me. We part with a full understanding and Mrs. Earle is as much agreed to it as I am. I believe it is the right thing to do."

Mr. and Mrs. Earle went to her state room and bade each other good bye. Victor M. Earle, of the city, the brother of the artist, and Mrs. Victor M. Earle were on board the steamer to join in the farewells. Victor Earle said that while he and his relatives did not hold the same opinions as his brother, he would not criticise his conduct. Mr. Earle said that the young woman his brother is to marry had left the Earle home in Monroe today.

JAMESTOWN EXPOSITION

Yesterday Kansas City Day—New Hampshire Will Celebrate Today.

(By Wire to the Morning Star.)

Norfolk, Va., September 4.—Today was "Kansas City (Missouri) day" at the Jamestown Exposition. Several hundred visitors from Kansas City headed by Mayor Beardsley and thirty members of the Board of Trade of that city attended. Formal exercises were held at the Missouri State building with addresses by President Tucker, of the Exposition, Mayor Beardsley and others in the Kansas City delegation. A reception by Mayor Beardsley to all visiting residents and former residents of Kansas City followed. The Kansas City delegation attending the Eagles Convention paraded in Norfolk and there were numerous other features during the day. United States Senator Warner, former Governor Francis and Attorney General Hadley, of Missouri, who were in the programme of the day, were unavoidably absent.

Governor Charles M. Floyd, of New Hampshire, accompanied by his wife and daughter and 25 New Hampshire State officials, including the Council of State, arrived at the Jamestown Exposition today for the New Hampshire Day celebration there tomorrow. Governor Floyd was met by President Tucker, of the Exposition, and escorted to the New Hampshire State building where the governor and his immediate party are housed. Tomorrow's programme includes a great military spectacle and joint review by governor Floyd and the New Hampshire party, Governor Swanson, of Virginia, and others.

STORMS IN GULF REGION

Were Severe in Wide Scope of Cotton Country.

(By Wire to the Morning Star.)

New Orleans, September 4—Reports of severe storms in the Gulf region last night are borne out by disaptches arriving tonight from the region affected. Electrical disturbances made telephone and telegraph wires useless for several hours and a high wind caused serious apprehension but did no damage. A contributory cause for the reports was found today by both Postal and Western Union Telegraph companies in the shape of fine wires placed apparently with malicious intent across telegraph lines so as to render many wires temporarily useless.

Resolutions Criticising Management of Illinois Central.

(By Wire to the Morning Star.)

New York, Sept. 4.—The resolutions criticising the present management of the Illinois Central Railroad Company, which led to a personal encounter several days ago between former President Stuyvesant Fish and his successor at the head of the system, James T. Harahan, were offered and read at a meeting of the board of directors today. Both Mr. Fish and President Harahan attended today's meeting. Although no official announcement was made it was said that the meeting was entirely harmonious and no attempt was made to block the presentation of the resolution offered by Mr. Fish. It was said also that it is quite likely that the charges made in the Fish resolution will be answered at a meeting of the board to be held one week from today.

A Humane Appeal.

A humane citizen of Richmond, Ind., Mr. U. D. Williams, 107 West Main St., says: "I appeal to all persons with weak lungs to take Dr. King's New Discovery, the only remedy that has helped me and fully comes up to the proprietor's recommendation." It saves more lives than all other throat and lung remedies put together. Used as a cough and cold cure the world over. Cures asthma, bronchitis, croup, whooping cough, quinsy, hoarseness, and phthisic, stops hemorrhages of the lungs and builds them up. Guaranteed at R. R. Bellamy's drug store. 50c and $1.00. Trial bottle free.
